Lee Roy Carlson
Colorado Field Supervisor
U S Fish and Wildlife Service
Colorado Field Office
730 Simms, Suite 290
Lakewood, CO 80523

Dear Mr Carlson

Please find enclosed the decision document for the Pond Water Management Interim Measures/Interim Remedial Action (IM/IRA) at the Rocky Flats Environmental Technology Site (Site) As the active participating bureau for the Department of Interior, a natural resource trustee for the Site under the Comprehensive Environmental Response, Compensation, and Liability Act, the U S Fish and Wildlife Service (Service) is requested to review this document.

In the letter transmitted to the Rocky Flats Field Office (RFFO) from the Environmental Protection Agency (EPA) regarding development of this IM/IRA, it was stated that "EPA expects the IM/IRA to be developed and released to the public for comments at the same time as the draft renewal [National Pollutant Discharge Elimination System (NPDES)] permit." At this time, EPA has not responded to RFFO's comments on the initial draft of the NPDES renewal permit, and it appears that there is no current schedule for completion of the draft permit. RFFO will keep the Service informed as to the status of the draft NPDES permit

Note that DOE will be consulting with the Service regarding a Biological Assessment for the IM/IRA once it has completed both agency and public review of the document.

Please call me at 966-3424 should you have any further questions, comments, or concerns

Sincerely,

Gail S. Hill

Gail S Hill, Acting Director
Environmental Guidance Division
